Junior Rifle Team Represents Spokane Rifle Club at Big Horn Show

In the upcoming Big Horn Show (March 17-20, 2022), Spokane Rifle Club (SRC) has secured a booth again this year. The convention will be located at the Spokane Fair and Expo Center. As per tradition, Spokane Junior Rifle Club will man the booth during the event to represent SRC. To help boost interest in the club, the members of the junior team who are manning the booth during their shifts will display their futuristic-looking (secured) air rifles at the booth. SRC will also raffle off two family memberships to the gun range, valued at \$225 each.

The Bighorn Show is a local outdoors-themed convention hosted by the Inland Northwest Wildlife Council. All proceeds will go to this nonprofit to aid conservation efforts through programs such as Kid's Fishing, ADA Accessibility, Habitat Restoration, Mentorship, and Policy Advocacy. 2022 is the 60th anniversary of the Big Horn Show.

The Big Horn Show has over 300 booths with organizations ranging from advertising fishing trips to selling handmade pocketknives, and everything in between. There is hunting, fishing, hiking, camping, off-roading, taxidermy, jewelry, and more.

SRC's booth will be answering questions about the range, providing handouts for information about the range, piquing interest about the junior team and what they do, and hosting a raffle for two family memberships. The two winners will be drawn at the end of the weekend.

Since the convention was closed the last two years due to COVID-19, everyone is ready to make this year extra-special to make up. SRC is still trying to boost activity at the range after the hard pandemic years and will work hard at the Big Horn Show to help make this happen. Since the attendees of this convention are SRC's main audience, this will hopefully lead to success.

###

To learn more about Spokane Rifle Club, visit their website at <https://spokanerifle.com/>.

Spokane Rifle Club (SRC) is a private, all-volunteer, member-run organization that has held a place in Washington State history for more than 100 years. SRC offers the best and most varied facilities for shooting sports in the Pacific Northwest. The club has an indoor pistol range (50 feet), two trap fields, an outdoor pistol range (10 yards to 25 yards), and a 100 yard and 200 yard rifle range.
